

# AescuPlast Plaster Mix

Your All-Round Plaster solution.

Selection of all purpose fabric plaster strips in different sizes.

## Application

AescuPlast plasters seal around the wound comfortably and securely. The non-stick wound contact layer cushions the wound for extra comfort whilst the flexible fabric protects against external infection sources whilst holding the plaster firmly in place. Non sterile.

## Advantages

- + 40 durable textile plasters in multiple sizes
- + Skin Friendly wound pads
- + Naturally breathing
- + Water withstanding
