

Earmuffs for RSG T-Air®Helmet; SNR33dB

High-performance protection for noisy environments. Designed to provide moderate to high level of attenuation that meets the needs of many industrial applications where harmful levels of noise may be encountered.

Part number	931013
Description	Earmuff for T-Air®Helmet
EN Standard(s)	EN1352
Protection Factor SNR	33dB
Protection Factor NRR	31dB
Protection factor SLC₈₀	25dB
Temperature range (°C)	-20 + 55°C
Stage temperature	-20 + 55oC
Material	ABS
Material muff	Leather, Sound absorbing cotton
Size	One size
Weight (g)	250 gr
Quantity per box	1
Packaging dimensions	20.5x16x11.5cm
